 - ▶ The 100 percent Web-based solution means no installation or software maintenance is required

AVERIWARE

The Anywhere, Anytime Business Solution

Looking for a cost effective business management solution for your business' needs? Look no further than Averaware, we provide a lower cost of ownership with a Software-as-a-Service (SaaS) model. Averaware provides Small and Midsize businesses an enterprise-class Customer Relationship Management (CRM), Sales Force Automation (SFA), Accounting and Financial Management, Supply Chain Management (SCM) & Human Resources modules on a single integrated platform.

Why Averaware?

- ▶ **Deliver better business management.**
Averaware gives managers and employees the functionality, information and tools they need to better manage their entire business and streamline operations.
- ▶ **Eliminate IT maintenance and upgrade costs**
Averaware is cloud-based business management software. This gives you greater reliability while eliminating the need to maintain on-site hardware and software.
- ▶ **Eliminate data re-entry.**
Averaware is one integrated solution - all the modules are connected to the entire user to manage every aspect of the business, from sales to order management to accounting. There's no need to waste time and energy re-inputting data into separate systems.
- ▶ **Make better decisions faster.**
Averaware gives you real-time business intelligence for any and every aspect of your organization from anywhere at any time. All without employing a team of expensive consultants.
- ▶ **Increase collaboration.**
Averaware allows your customers, partners and vendors to collaborate with you. This allows you to get closer to your customers and partners, move quickly and seize opportunities.
- ▶ **And Much More!**
